On 12/9/2021 CPD Officers were called to 4245 North Ocoee Street in reference to a Burglary. Upon arrival Officer Scott Bronze spoke with the victim Gerald Kersey. He stated he uses the basement of one of his buildings to store personal items. He came by Saturday afternoon to clean up and lock everything up. He came by again this morning and discovered the burglary.

He first knew something had happened when he tried to unlock the door; he could not insert his key into the lock, but the door was unlocked. Once inside he discovered an interior door unlocked to the storage area, which is always locked. He then saw someone had removed a hose from a drain to his dehumidifier. The person also moved a couch to block a door which the business upstairs could access. The suspect(s) also put cardboard in the windows to hide their actions.

On further checking he started noting many things were missing to include a brass table top and numerous oil paintings. The suspects also stole his dollies to move everything. The victim's loss as a result of the incident is estimated at \$4700.

On 12/11/2021 BCSO Deputy Dakota Blackwell took the following report:

On December 11th 2021 I responded to 2189 in reference to an investigation unknown. While enroute dispatch advised me that the property owner had called and stated that his video cameras had been moved and he had went back and watched footage of a white male wearing a grey hoodie move the camera. Upon arrival I observed that the front of the building appeared normal. I then drove to the back of the building where storage units were located. I observed a gold vehicle parked at the corner of the building. I also observed a male and a female standing at the corner of the building. The male and female standing at the corner of the building then took off running after being told to stop. I then observed a male sitting in the gold vehicle. At this time I detained the male inside of the vehicle and placed him in my patrol vehicle. I then walked to the area where the male and female ran from me. I then observed a large plastic tote filled with tools sitting beside the building. At this time I directed several deputies to a nearby road in the direction the male and female ran. Corporal Eddie Blackwell and Sergeant Paul Singleton were able to find a male lying in a ditch that matched the description of the male that ran from me. At this time the male was identified as Mr. Jason Payne. I then walked in the direction the female was last seen running. I was able to make contact with the female lying in a thick brush area. I instructed the female to show me her hands to which she did not comply. I then fired my Taser 7 striking the female in the middle and lower portion of her back. Then female then complied to deputies commands and walked from the brushy area to us. The female was then identified as Ms. Vera Cheek. At this time I returned to my patrol vehicle and was able to identify the male sitting in the vehicle as Mr. Steven Ray Levi. All three parties were then mirandized. Mr. Levi advised he had no knowledge of any of the tools sitting beside the building. I then observed several tools and chainsaws in the back seat of the vehicle Mr. Levi was sitting in. Mr. Levi appeared to be under the influence of narcotics. He appeared to be falling asleep very quickly and slurring his speech. I then spoke with Mr. Payne who advised he ran from deputies because he was very high. I then spoke with Ms. Cheek who advised she also had no knowledge of the tote of tools she was standing beside when I arrived on scene. At this time Bradley County CID was contacted. Detective Sergeant Kevin White then responded to the scene due to the amount of tools outside of the storage units that the locks appeared to be busted off of. Mr. Payne and Mr. Levi both had tin snips in their pockets at the time they were detained. There were a total of five storage units vandalized and broken into. All parties were then taken into custody. Mr. Payne was transported to Tennova for further medical evaluation. The items beside the storage units and the vehicle were then towed to the BCSO CID garage for further processing.

On 12/14/21 I, Sgt. Rob Wilson, obtained a search warrant for the Toyota Camry. While searching the vehicle he located a large amount of stolen property from the storage units at Woodridge Crossing. Those items were returned to the victim. He also located multiple framed paintings in the trunk of the car. One of the paintings had a receipt on the back to a Betsy Kersey from Creative Custom Works. Sgt. Wilson was able to identify her husband as Gerald Kersey. He then found that on 12/9/21 he had filed a burglary report at 4245 North Ocoee Street. That report was filed with CPD report number 2021-0050897. Sgt. Wilson contacted Mr. Kersey who advised the basement at that location had been broken into and he had multiple items stolen including multiple prints and paintings. Sgt. Wilson met with Mr. Kersey. He identified a brass table top, two stage lights, and 10 paintings and prints as being stolen from his burglary.

If the defendant's charge is dismissed, a no true bill is returned by a grand jury, the defendant is arrested and released without being charged with an offense, or the court enters a nolle prosequi in the defendant's case, the defendant is entitled, upon petition by the defendant to the court having jurisdiction over the action, to the removal and destruction of all public records relating to the case without cost to the defendant.
